PROFESSIONAL SUMMARY

Results-driven **DevOps Engineer** with expertise in AWS Services, Docker for containerization, and GitHub Actions for CI/CD automation. Experienced in streamlining deployments, enhancing system reliability, and automating infrastructure. Skilled in using Python for scripting and committed to optimizing performance and scalability in agile environments. Eager to contribute to innovative and impactful projects.

WORK EXPERIENCE

Ebita.ai **Kochi, Kerala**

DevOps Engineer *Aug 2024 - Present*

- Architected and implemented **CI/CD pipelines** using **GitHub Actions**, and elevating development efficiency for an **AWS**-hosted greeting card application.
- Configured **RDS** with PostgreSQL for database management and deployed the backend on **Elastic Beanstalk** for scalable infrastructure.
- Pioneered infrastructure automation initiatives and system performance across diverse cloud platforms.

Quarkus.in **Kochi, Kerala**

Frontend Developer *Jul 2024 - Present*

- Engineered highly responsive websites utilizing **HTML**, **Tailwind CSS**, resulting in a better surge in user engagement metrics.
- Led and mentored a team of **5 web developers**, ensuring on-time delivery of projects by fostering collaboration and implementing efficient development practices.
- Spearheaded site performance optimization efforts, through rigorous troubleshooting and innovative issue resolution techniques.

PROJECT EXPERIENCE

MES College of Engineering **Kuttipuram, Kerala**

AUTOBOT - A Car Mechanic Chatbot using NLP and AI *Sep 2023 - May 2024*

- Conceptualized and built AUTOBOT using Python, Django, and MySQL, attaining an **85%** accuracy rate in diagnosing car issues through advanced AI-based NLP models.
- Integrated **Cosine similarity** algorithms to amplify the chatbot's problem-diagnosing capabilities, furnishing users with a more reliable and precise car troubleshooting tool.

MES College of Engineering **Kuttipuram, Kerala**

Sruthi - Receptionist Bot *Feb 2023 - Jul 2023*

- Devised a voice-responsive digital receptionist bot utilizing **Google Text-to-Speech API** and **Tkinter**, delivering real-time query responses in Malayalam for office environments.
- Streamlined front-desk operations for office environments by reducing manual query responses.

UNIVERSITY EXPERIENCE

IEDC MESCE **Kuttipuram, Kerala**

Event Management Lead *Jun 2021 - May 2022*

- Helmed volunteer initiatives, orchestrating events that amplified student participation by **25%**, while ensuring seamless team communication and project execution.
- Developed and implemented event strategies that resulted in an increase in event attendance by **30%** and enhanced overall engagement.

TECHNICAL AND SOFT SKILLS

Programming Languages: Python, SQL
Frameworks/Libraries: NumPy, Pandas
Web Technologies and Frameworks: HTML,Tailwind CSS
Cloud and DevOps: AWS, Docker, CI/CD, Git, GitHub Actions,EC2, RDS, AWS Elastic Beanstalk,VPC,IAM, Render
DataScience:: Machine Learning, Natural Language Processing (NLP),Query matching
Databases: MySQL,Postgre SQL
Soft Skills: Cultural Intelligence, Design Thinking, Networking, Business acumen

EDUCATION	
MES College of Engineering, Kuttippuram	Kuttipuram, Kerala
<i>Bachelor of Technology in Artificial Intelligence and Data Science</i>	<i>Graduation Date: Jun 2024</i>
